

Anjali Gupta
W/O Atul Gupta, M.D.
Erstwhile Professor
Post – Graduate Department of Pathology
S.N. Medical College, Agra.

Name: Mrs. Reena Bhatia
c/o Mr. Surendra Bhatia

Specimen: Unstained smears from an ultrasound
guided F.N.A.C. of large intra-abdominal mass
(23-K-205).

Microscopic: Mostly erythrocytes along with
scanty fat & few plump, mildly pleomorphic
spindle cells. The cytology evokes definite
suspicion of spindle cell mesenchymal neoplasm.
Histology is needed.

Two slides enclosed.
